

# WAKOL Applicator 50

## Technical Information

### Area of application

Cordless battery-operated sealing gun for applying Wakol adhesives in sausage bags and cartridges. The WAKOL Applicator 50 comes with a quick-charger and two 10.8 V rechargeable batteries in a case.

### Special properties

- suitable for 600 ml sausage bags and cartridges with 600 m
- I two 10.8 Li-Ion batteries
- quick-charger
- applications in system WAKOL TS 160 Footfall Soundproofing Mat and WAKOL MS 262 Parquet Adhesive, firm-elastic

### Technical data

Delivery:	WAKOL Applicator 50 2 Li-Ion batteries with 10.8 V quick-charger with load indicator carriage case
Drive:	controllable, up to 330 mm/min, automatic return
Holder:	Compound holder 600 ml for tabular bags and cartridges, diameter 50 mm
Charging station:	Input: 100 - 240V ~ 50/60 Hz 30W Output: DC 10.8 A 2A charging time approx. 30 min
Weight:	WAKOL Applicator 50 approx. 2,3 kg incl. case, charger, batteries approx. 5.3 kg
Safety:	CE certified

### Important

The automatic return begins, when the feed switch is completely relieved. Do not relieve the switch completely, when processing in the system with WAKOL MS 262 Parquet Adhesive, firm-elastic and WAKOL TS 160 Footfall Soundproofing Mat. The feed will be stopped in this way, but however the return is not triggered and in this case the slots of the mat can be filled expeditiously.

We guarantee the uniform high quality of our products. All data is based on tests and many years of practical experience and refers to standardised conditions. The variety of materials used and the different construction site conditions, which lie beyond our control, preclude any claims based on this data. We therefore recommend making sufficient trials. Accompanying flooring manufacturer's instructions and the currently applicable codes must be observed. We gladly provide technical advice.

The product data sheets can be found in their latest version at [www.wakol.com](http://www.wakol.com).
